Ok great.

We can go with 10:45am for August 20th, until we hear back from Suzanne. As for our meeting, we can have it on Monday June 24 at 3pm (EST).

Let me know and if these days and time work for you and I will send you a meeting invitation.

HY

Haimanot,
I just learned that my supervisor, Phil Strobel, would like to participate in the call next week. He is booked all day Tuesday except for early morning (8 am mtn time/10 am

east coast time) or Monday 10 am – 11 am (mtn time) or afternoon any time from noon mountain time (2 pm east coast time) to 3 pm mountain time. By either of these times, I should have had time to look at the file and read our DEIS comments.

August, the 13th won't work for me either. I reminded Suzanne yesterday about getting back to me about the 20th but I have not heard from her and she looks like she is out of the office. Looking at her and Phil's electronic calendar, it looks like the 20th will work, however, not at 9 a.m. Would 10:45 a.m. (mtn time) work? I will tentatively block out August 20 from 10:45 to noon on their calendars! If that date and time works, is that sufficient time?

Lisa,

Yes, we can move it to Tuesday June 25. How is 1pm (EST) which I believe is 11am your time right?

Also, did you by any chance find out if we can meet with you in August? It is looking like Tuesday August 13 might be an issue for other agencies that we are trying to meet while we are there and we might settle on Tuesday August 20, would that work for you? we were thinking of meeting you in the morning around 9am.

Thanks
Haimanot

Haimanot,

Can we move our call to next week on Monday or Tuesday? Any time Monday would work or Tuesday late morning or afternoon (mtn time).

That should work. I may be teleworking that day. If so, I will send you an email next week and you can call me at the cell phone listed with my email signature.

Yilma,

I [potentially] have jury duty tomorrow and Thursday and am on furlough on Friday. So, how about next week sometime. I am available some scattered meeting but should be available most days.

Great, welcome to the teamJ . If your schedule permits, maybe we can have a call so that I can briefly discuss the status of the SEIS with you and go over how best to coordinate with you? I am off tomorrow, but should be here on Thursday and Friday.

Look forward to working with you as well.

Haimanot

Kevin and Yilma,

I will be the lead reviewer for Dewey-Burdock. I look forward to working with you on the project as it moves to the Final EIS.

Kevin,

I think that decision will be made today. I will be participating on the call tomorrow based on the likelihood that I will be the lead reviewer.

Lisa,

I wonder if you will be the lead reviewing the upcoming Dewey-Burdock ISR SEIS to be finalized later this year.

If yes, Haimanot Yilma, PM for the DB project, and I would like to have a brief conference call with you to update you on the current status and schedule.

Please let me know.

Thanks.

Kevin
